

A **< two week** lightweight process that gives CEOs the organizational intelligence they need to make the hard decisions to accelerate alignment and value capture.

"It moved us quickly past debate to a solution mindset and is driving alignment around a few crucial priorities."

Trey Loughran

Chief Executive Officer, ACA Group

"Acelynt helped us turn a leadership transition into an opportunity to **reset and accelerate**."

Ben Chernelich

Chief Executive Officer, Symphony

USE CASES | Diligence | Post-close | Transformation | Exit planning | Portfolio visibility

THE PROBLEM

CEOs are under intense pressure, but most are fighting a problem they can't see.

Passive resistance | Trapped knowledge | Unseen perspectives | Leaders aligned in words only | An inability to make the hard choices and focus

Result: You stall. You can't accelerate. Leaders get replaced.

THE ACELYNT SOLUTION

CEOs deserve a clear read on the organization they're tasked with leading. In less than two weeks.

Facilitated process

Led by Scott Engler — 15 years leading mid-market advisory at CEB/Gartner

Collective knowledge

What the whole organization already knows.

< Two weeks

Diagnosis to operating plan.

Assess

We quickly understand what your organization thinks about itself and your goals.

Sync

We move you fast from debate to decision.

Accelerate

We provide the framework for execution.

WHAT CEOs NEED

- ✓ A clear view of what is going wrong, and where
- ✓ What is strong and what is at risk, ranked
- ✓ A plan that says what to do, and in what order
- ✓ An honest read on whether the team can deliver
- ✓ A short list of priorities everyone agrees on
- ✓ A team that is behind it

10 DAYS TO INSIGHT

DAY 1
Setup

DAY 3
Launch

DAY 10
Insights

DAY 14
Action planning

A lightweight facilitated strategic process that drives alignment and action...in two weeks.

Measured against your investment thesis, not peer benchmarks.

Led by **Scott Engler** — 15 years leading mid-market best practices at Gartner / CEB.
